

Programming of CNC Machine

G & M code

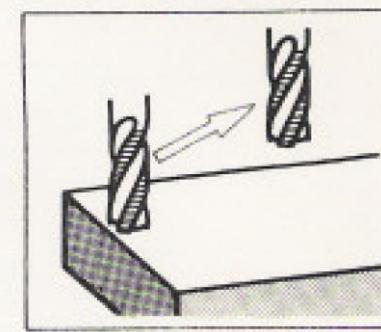

CNC milling machines

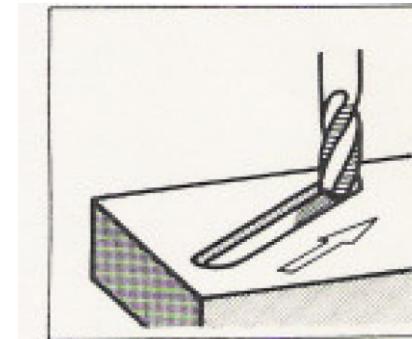

Prismatic or flat part

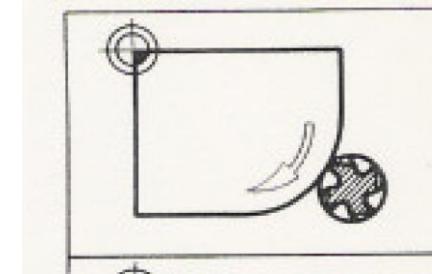

G00 rapid linear motion

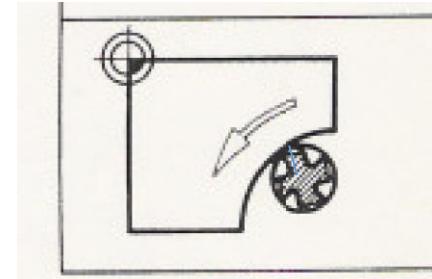

G01 linear motion at
feed rate

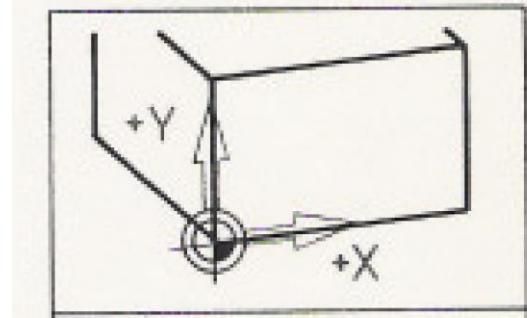

G02 circular motion
clockwise feed

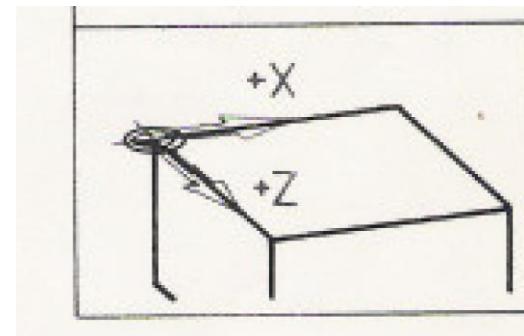

G03 circular motion
anti-clockwise feed

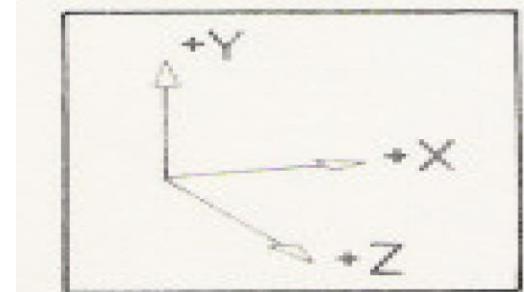

G17 X Y plane

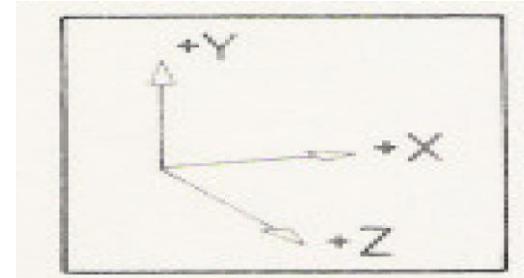

G18 X Z plane

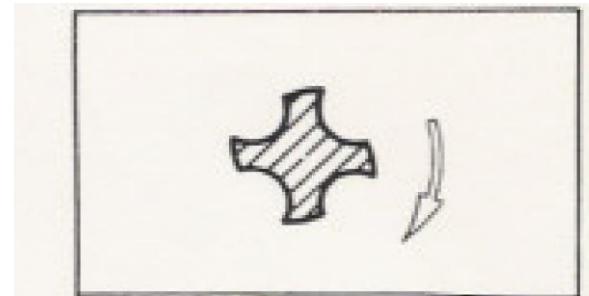

G90 absolute dimension

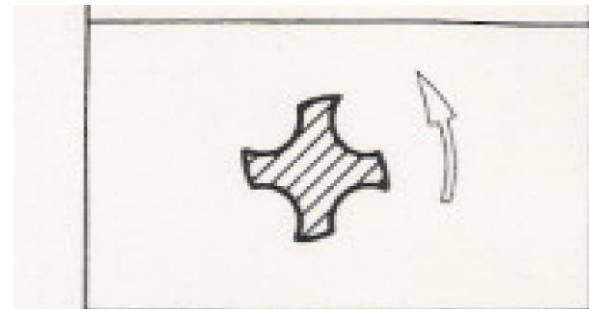

G91 incremental dimension

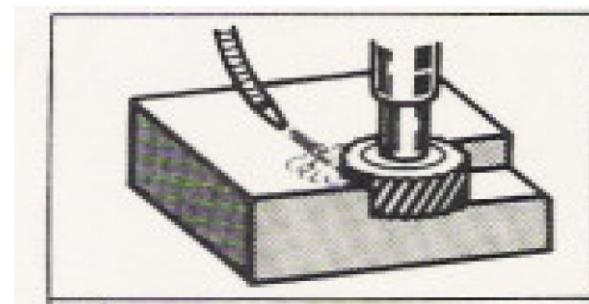

M03 direction of rotation to the right

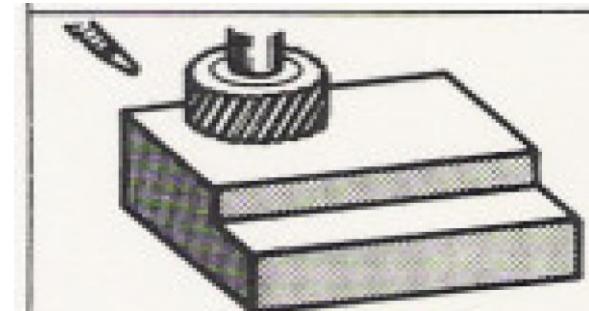

M04 direction of rotation to the left

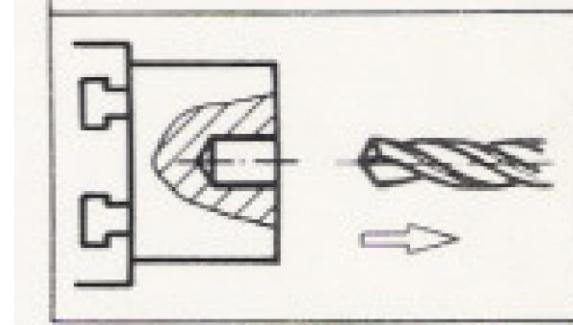

M08 coolant in

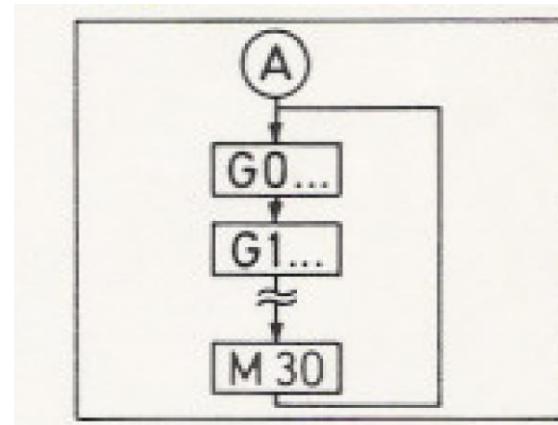

M09 coolant off

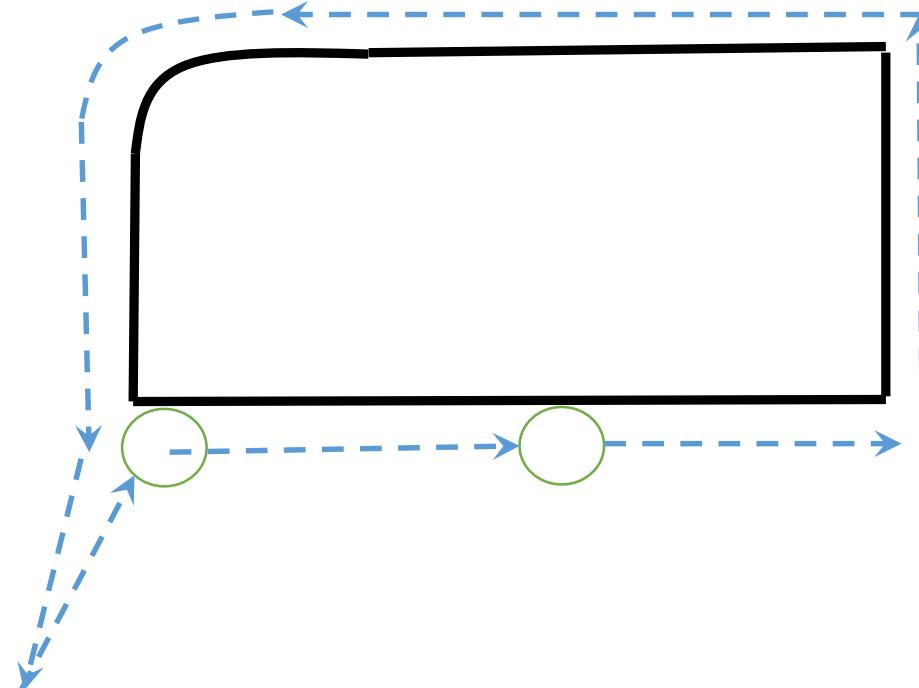

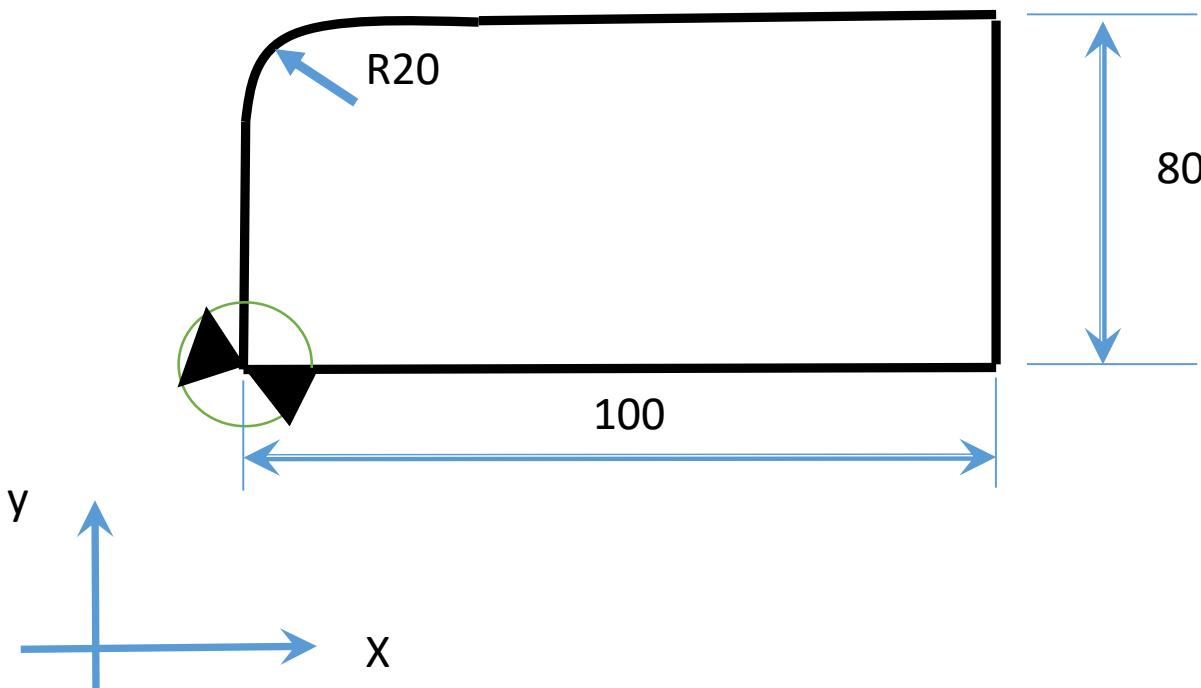

M66 tool change

M30 end of program
and return to start
program
